

Targeting of Drugs, Volume 3:: The Challenge of Peptides and Proteins (Nato Science Series: A:) (v. 3)

The proceedings of the 6th NATO Advanced Study Institute on [title], held at Cape Sounion, Greece, June-July 1991, comprise 11 papers that deal with a variety of approaches to optimize the function of peptides and proteins used either as drugs and vaccines or as drug delivery systems. Annotation cop
