

Love and Darkness (An Age of Heroes Book 2)

In Volume Two, having escaped from the Kogs, Apprentice Captain Justine flees to later be directed toward safety by a sea witch. She finds trade ships from Aluria that take up arms on her behalf and then escort her and her seaswam to an island. There she meets up with a former black blade and obtains a ship. Gradually, she obtains a new apprentice crew even though some are still children. Unfortunately, her sponsor isn't impressed even though they're all that's available especially since Justine had an accident and is now blind so she can only see light. Despite her wishes, she finds herself later in a position where she and her crew must go against two black blade ships together. This also contains the sequels Weapon Masters of Aluria, Seer of Darkness, and Battle Beasts.
