

The Cheese Tasting Party Kit

Throw a fabulous party while exploring the delicious world of cheese! This kit includes cards profiling 50 cheese varieties and the best wines to drink with them, decorative labels on which to write each cheese selection, and toothpicks that attach the labels right into the cheese for easy identification. Arrange a few cheeses on a platter, attach the labels, and let the tasting begin! In addition to a tasting checklist that lets you track your cheese samplings, a handy tri-fold card offers advice on buying, storing, and pairing cheeses.
