

Jokes and More about Fish (Just Kidding!)

With more than 30,000 species of fish on Earth, some of them have got to do surprising and silly things. The African lungfish is a fish that can live on land! One kind of fish has two sets of eyes, so it can see above and below itself. Through wordplay and short riddles, readers will explore this crazy underwater world. Colorful photographs and illustrations accent more than two dozen jokes about fish, including a few biting barbs at sharks!
