

The Diamond Looking Glass (Cleopatra's Legacy Book 3)

Beauty and the Beast. The world knows it as a cartoon with dancing teacups and broomsticks. To twelve year old Claire La Fleur, it is family history, and the power behind Belles mirror is real. Every ten years her family gathers to see if the mirror will awaken, and for the last two hundred years it has slept. This time, Claires touch awakens the magic within the diamond looking glass, a direct portal to the past and a way to communicate with Cleopatra, the last pharaoh of Egypt. The lure of power brings with it many perils, and a betrayal close to home thrusts Claire into a treacherous underworld. To protect the mirror, she travels into the Louvre museum in the dark of night, searches abandoned subway tunnels, and walks the catacombs of the dead. Welcome to Paris, France - where danger follows in every step.
