

The King of Mud and Grass

In the West Country of Britain, atop the high hill known as the Barren Down, British knights prepare to make a last stand against the huge and terrifying armies of the Saxon invaders. The British defenders include the forces of King Lot of Lothian and King Uriens of Gore. Also coming to Britains aid is the mysterious woman known as Morgan le Fay. King Arthur and his noblest knights arrive at the Barren Down in the nick of time to help the defenders. But one crucial defender is still missing -- Merlin the Wizard. For Merlin has disappeared; and no one knows what has happened to him.
