

The Forever Queen (Pendragon Book 2)

She will become legend Cara thought fate and the magic of the Fair Folk were done with her the night she defeated Morgana Le Fey and restored the barriers between this world and Avalon. She was wrong. Lance is trapped in Avalon, and something more powerful and more dangerous than anything Cara has yet faced is trapped in this world. The only way to fix it is to break an ancient and powerful spell, but first Cara will have to figure out who or what cast it. In the meantime the line between Caras two worlds is blurring. There are those in this world who know who she is, and have plans of their own for her future. Those plans involve treason. Unfortunately those same people hold the key to breaking the spell and Cara will have to choose between Lance, her future, and saving the world.
