

The Story of the First World War for Children: 1914-1918

The First World War was total war on an unprecedented scale. Industrialized nations engaged in mechanized warfare, deploying new and terrifying weapons: airplanes, tanks, zeppelins, giant warships, and poison gas. Using archival photos, maps, and drawings, this fact-packed book explains to children what happened and why, and tells the human stories in a way that brings history vividly to life.
