

Travels with Macy: One Man and His Dog Take a Journey Through North America in Search of Home

After a thirty-year career as high profile vet, columnist, presenter and author Bruce Fogle decided to leave urban Britain and take a journey with his dog Macy. Travelling in the footsteps of the great American novelist John Steinbeck, who published *Travels with Charley* his standard poodle in the 60s, Fogle set off in search of the North America of his childhood. Would he, after all this time, be able to work out whether home meant the UK or America? Would he find the welcoming, peaceful backwaters of his youth unchanged?
