

Walking Israel: A Personal Search for the Soul of a Nation

From the much lauded author of Breaking News comes a version of Walking the Bible just for Israel. With its dense history of endless conflict and biblical events, Israel's coastline is by far the most interesting hundred miles in the world. As longtime chief of NBC's Tel Aviv news bureau, Martin Fletcher is in a unique position to interpret Israel, and he brings it off in a spectacular and novel manner. Last year he strolled along the entire coast, from Lebanon to Gaza, observing facets of the country that are ignored in news reports, yet tell a different and truer story. Walking Israel is packed with hilarious moments, historical insights, emotional, true-life tales, and, above all, great storytelling.
