

Young Zeus

From acclaimed illustrator and author G. Brian Karas comes a witty tale about navigating family and finding ones voice-based on Greek mythology! This is the story of how young Zeus, with a little help from six monsters, five Greek gods, an enchanted she-goat, and his mother, became god of gods, master of lightning and thunder, and ruler over all. In doing so, he learned a lot about family. Who knew that having relatives could be so complicated, even for a god?
