

Just Add Water

Lauren Chattman proves that if you can boil water, you can create everything from delicious breakfasts to savory dinners to sweet deserts. Whether you're entertaining friends or simply making dinner for yourself, put a pot of water on to boil and get cooking! The simple fact is, if you can boil water, you can poach, steam, braise, and blanch. You can also make coffee, boil an egg, cook pasta and other grains, and make a custard, which means that you have a world of delicious meals at your fingertips! Start with Oatmeal with Almonds and Grated Apples for breakfast, accompanied by a cup of Peppermint Hot Chocolate; pamper yourself with Fusilli with Raw Tomato-Avocado Salad for lunch; and end the day with Beef Short Ribs with Exotic Spices for dinner, topped with Rum-Vanilla Panna Cotta! Even Cod Poached in Fennel Broth, New Potatoes with Lemon Dill Pesto and Peaches with Roesmary-Red Wine Syrup are a snap once the water is boiling!
